

Contributing for Sympa documentation

How to contribute

- Unless otherwise specified, contents of this document are licensed under CC BY-SA (see [LICENSE](#) file). You, as an author, have to agree to this license.
- Submit your additions, changes or proofreadings to [development site for document](#) as issues or pull requests.
 - Note that, if you have bug fix or improvement of Sympa itself, you would be better to submit it to [development site for Sympa](#).
- When you submit pull request at first time, please don't forget to include addition of your name to [AUTHORS](#) file.
- Markdown is recommended format for the texts. If you are not familiar with Markdown, plain text is allowed: Anyone may reformat your work. Other formats (OpenDocument, HTML, POD, ...) should be converted to Markdown.

Markdown guidelines

- Don't use tab character.
- Don't use inline HTML.
- Use GitHub-style table, if table is necessary.
